

Volunteer your voice to promote volunteering.

When it comes to the work of charities sometimes donations aren't enough. Sometimes they just need people. Selfless people with the skills, passions and time to help those less fortunate than themselves – they're called volunteers. We would like you to volunteer to read this script and help promote volunteering.

VOLUNTEER RADIO SCRIPT 30 SECONDS:

VO: Hi there, I've volunteered to read this script. The scriptwriter and sound engineer volunteered too. The station even volunteered the airtime. It's proof that when you come together with a common goal anything's possible. Ten years ago the guys at SEEK volunteered to build a site to fill Australia's thousands of volunteer positions. But more volunteers are always needed. To see how you can volunteer go to seekvolunteer.com.au.
