

## Land Shanties Radio 90sec

Heave the belts and lock them fast, we're headin' on a road trip!  
Well, perhaps that is a stretch, just down the shops we nip!

For I forgot my sweet-hearts almond milk, and for her I'd travel far,  
But truth be told I have the goal of driving in my car!

Oh , yeee haaaara, I'm taking me carra,  
The pride of the fleet, and all she meets,  
The flagship Vitara!

This cabin's well appointed, so it's really much less trouble,  
It's not like I can walk around in an air-conditioned bubble.

All aboard my crew of kids, for the almond milk it beckons.  
Buckle up, you know my rule, it's safety first and second.

Oh, yeee haaaara, I'm taking me carra,  
Heads turn on the street, as I toot to the beat,  
The flagship Vitara!

Adventure in my heart as I squint at the horizon  
A seasoned captain knows when to deploy the old sun visor

There's no small quest for the big of heart and out courageous ilk  
Just remember bright blue label almond splashing into milk

Oh, yeee haaaara, I'm taking me carra,  
The pride of the fleet, and everyone she meets,  
The flagship Vitara!
